

Motivated and detail-oriented Software Engineering graduate with a strong foundation in software development, testing, and system design. Adept at identifying issues, improving performance, and contributing to the full software development lifecycle. Demonstrates strong analytical thinking, adaptability, and a commitment to continuous learning. Excels in collaborative environments and passionate about delivering impactful, high-quality solutions that support organizational goals.

Experience

UI/UX Designer | Delta Rabbit Electron, Addis Ababa

- ✚ Designed user-centered wireframes and interactive prototypes using Figma.
- ✚ Collaborated with cross-functional teams to enhance UI/UX functionality and responsiveness.
- ✚ Created intuitive page layouts and engaging user interfaces with animations and transitions.
- ✚ Conducted UX research and competitor analysis to guide design improvements.
- ✚ Ensured accessibility, responsiveness, and cross-browser compatibility in all designs.
- ✚ Utilized analytics and feedback to iterate and improve the user experience.

Full Stack Software Developer | Gerizan Technologies plc, Addis Ababa

- ✚ Integrated third-party services and payment gateways (e.g., Chapa) using OAuth 2.0 for secure mobile/web applications.
- ✚ Collaborated with UI/UX designers to develop intuitive and user-friendly interfaces.
- ✚ Followed Agile methodologies using tools like Trello for efficient task management.
- ✚ Set up CI/CD pipelines with Jenkins to streamline automated deployments.
- ✚ Maintained and enhanced applications by debugging, refactoring, and upgrading features.
- ✚ Conducted competitor research to align product features with industry standards.
- ✚ Participated in requirement gathering, design reviews, and team code sessions to drive quality development.

Software Engineering Intern | Debo Engineering plc, Jimma

- ✚ Developed and maintained responsive web and mobile applications using JavaScript, React.js, Node.js, MongoDB, C#, HTML, and CSS.
- ✚ Collaborated with cross-functional teams to deliver scalable, user-focused solutions.
- ✚ Built real-world applications including SMS gateways, emergency service booking platforms, educational websites, and productivity tools for agriculture.
- ✚ Contributed to improving communication, accessibility, and operational efficiency through custom digital solutions.

Education

Jimma University | Jimma, Ethiopia, 2016 E.C/2024 G.C FROM 2019 - 2024 G.C

Completed Coursework towards Bachelor of Degree in Software Engineering (BSc) with CGPA 3.58

Skills

Web Development	HTML and CSS	Javascript	MERN Stack
Flutter Framework	Video and Photo Editing	Software System Testing	
Figma Proficiency	SEO best practice	Angular Js	Problem Solving
Time Management	UI/UX Design	Mobile App Development	

Certifications

Front End Development - Coursera	Graphics Design - Coursera	
Cybersecurity - CISCO	Foundation of Software System Testing and Validation - Coursera	
Networking-CISCO	Data Science - Udacity	Launching Business Venture - CISCO
